Hi Alison, Tala
Please focus on the redline text which is all that is new. Please send any comments by 10AM tomorrow. Thanks.
M

Subject: For review by 10:30 am tomorrow: DOD PFAS testimony for next Wednesday's hearing

Importance: High

Hi folks,

For a super-quick review, please see attached for DOD's draft testimony for next Wednesday's PFAS hearing at which Dave Ross from OW is also testifying.

Important Time-Saver: The attached version is a Track Changes comparison between DOD's testimony in September and its draft testimony for next week. Only the areas shown in redline-strikeout have been changed from the September testimony, which cleared OMB at that time. So, unless you see something egregiously wrong, I'd strongly recommend against editing any text that is NOT already affected by redline-strikeout.

Let me know if you have any questions, and thanks for everyone's quick review!

Best,
Matt

Subject: By 5:30 pm today: Review draft EPA testimony for House Oversight PFAS hearing (3/6)

Importance: High

Hi everyone,

For your AAship's review, please see attached for draft EPA testimony for a March 6 hearing of the House Oversight & Reform Committee's Subcommittee on Environment. Dave Ross will be EPA's witness, and he will be testifying alongside Maureen Sullivan from DOD.

Please review and send along any AAship-level comments to me by 5:30 pm today. (We need to quickly turn this testimony around to OMB for interagency review.)

Of Note: The great majority of the text used in the “Background” and “EPA’s Work on PFAS” sections is verbatim from prior testimony given by Peter Grevatt at two PFAS hearings last September. The “EPA’s New Action Plan” section is drawn from communications materials for the Action Plan rollout or from subsequent letters to Congress about the plan. (The more the testimony continues to mirror these existing documents, the easier it will be for us to get OMB’s clearance.)

Let me know if you have any questions, and thanks for your understanding of the quick turnaround.

Best,
Matt
